Subject: PURCHASE REQUISITION FOR PROCUREMENT OF SMS COAX VALVE ACTUATOR AOD V/STND (SMSE/27/04)

Background of the Proposal

In AOD Converter, 4 numbers of tuyeres are installed for blowing of gases (viz. Oxygen: Ar/N₂ gas) as per operational requirement. Construction of these tuyeres are such that two concentric pipes are provided, with blowing gas flowing through inner copper pipe and cooling gas flowing through the outer pipe i.e. shroud. Tuyeres of the converter are cooled by passing N₂/argon gas through shrouds. The flow of inert gas is controlled using M/s COAX make motorized control valves through closed loop feedback from flowmeter through PLC. Quantity justification along with failure & installed quantity is mentioned below in tabular form:

S.No	Items	Month of failure/start of misbehaving	Misbehaving/Failed Qty.	Indented Qty.	Installed Qty.	Quantity Justification
1	SMS COAX VALVE ACTUATOR AOD V/STAND	February-26- Shroud-1 (misbehaving) June'26- Shroud 3 (Failed)	2 Nos.		4 Nos.	Previously procured spare – 2 nos have been consumed at site. Taking into account criticality of its application & lead time it here by proposed to procure 3 nos which will be kept as spare for future use.
				3 Nos.		

Since these are custom made items, hence it is proposed to procure the same on proprietary basis from M/s Omkar Supranatural Pvt Ltd.

The following documents are enclosed herewith:

Annexure-1 - Checklist
Annexure-2 - Purchase requisition
Annexure-3 - Technical specification
Annexure-4 - Justification
Annexure-5 - Proprietary Certificate
Annexure-6 - Cost Estimation
Annexure-7 - AT copy
Annexure-8 - Last 3 years consumption pattern
Annexure-9 - Material Rate Details
Annexure-10 - Letter of Authorization

Approval Sought for

Approval is sought for indenting of SMS COAX VALVE ACTUATOR FOR AOD on Proprietary basis from M/S Omkar Supranatural Pvt Ltd.

Indent Reference number: SMSE/27/04 dated: 08.07.2026

Estimate of the indent: Rs. 9,50,490/-

JUSTIFICATION FOR INDENT NUMBER: SMSE/27/04

Date: 08.07.2026

1. Why the items are required to be procured?

1. In AOD Converter, 4 numbers of tuyeres are installed for blowing of gases (viz. Oxygen: Ar/N₂ gas) as per operational requirement. Construction of these tuyeres are such that two concentric pipes are provided, with blowing gas flowing through inner copper pipe and cooling gas flowing through the outer pipe i.e. shroud. Tuyeres of the converter are cooled by passing N₂/argon gas through shrouds. The flow of inert gas is controlled using M/s COAX make motorized control valves through closed loop feedback from flowmeter through PLC. Quantity justification along with failure & installed quantity is mentioned below in tabular form:

S.No	Items	Month of failure/start of misbehaving	Misbehaving / Failed Qty.	Indented Qty.	Installed Qty.	Quantity Justification
1	SMS COAX VALVE ACTUATOR AOD V/STAND	February'26 Shroud-1 (misbehaving)	2 Nos.	3 Nos.	4 Nos.	Previously procured spare - 2 nos have been consumed at site. Taking into account criticality of its application & lead time it hereby proposed to procure 3 nos which will be kept as spare for future use.
		June'26- Shroud 3 (Failed)				

Since these are custom made items, hence it is proposed to procure the same on proprietary basis from M/s Omkar Supranatural Pvt Ltd.

2. Where the Items are to be used?

2. In SMS, AOD Valve stand area.

3. Whether these items are available at Shop Floor as on Date and if so, indicate the quantity available?

3. Nil stock available in both shop floor and Central Store.

P.T.O

4. Whether the Quantity Indented is your barest minimum?

4. Yes.

5. Period by which the Items will be consumed after receipt at Central Stores?

5. Mentioned in S.No.1

6. Give justification, if the numbers of parties recommended are less then five for tendering?

6. Not Applicable.

S.No.	Material Code	Description of material
1	7 3502 100 21 01	SMS COAX VALVE ACTUATOR AOD V/STAND

Certified that the above item is of proprietary in nature, and is to be procured on proprietary basis as given below and no other make is acceptable.

Name & Address of Supplier:

M/s Omkar Supranational Pvt. Ltd,
Plat No. 2, Sangam Socity, Near Swami Vivekanand Statue,
Pune-Satara Road, Bibwewadi,
Pune-411 037, Maharashtra
Email: info@omkarsupra.com

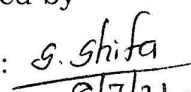

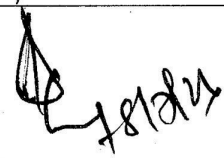

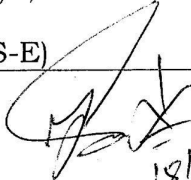

Reason for accepting only the above make and not others

In AOD Converter, 4 numbers of tuyeres are installed for blowing of gases (viz. Oxygen: Ar/N₂ gas) in converter. Tuyeres consists of two concentric pipes in which blowing gas is done through inner copper pipe and cooling gas flows through the outer pipe i.e. shroud. Tuyeres of the converter are cooled by passing N₂/argon gas through shrouds. The flow of inert gas is controlled using M/s COAX make motorized control valve in closed loop control through PLC. The flow measurement is done through flow meters and its feedback is given to PLC which in turn regulates the flow through COAX valve actuators. Precise cooling of tuyeres is very critical for the life of converter. This item is custom made by M/s. COAX Germany only to suit with existing actuator, electrical & mechanical characteristics and dimensional compatibility. Hence, OES can only supply matching spares for the above item.

Deproprietization Efforts:

Since no other manufacturer can supply electrical & mechanical characteristics and dimensional match with the existing actuator, de-proprietization is not possible for the above items.

In view of above, it is hereby proposed to procure the item from M/s Omkar Supranational Pvt Limited, Pune, who is an authorized dealer of OEM M/s. COAX Germany on proprietary basis.

Dear Sir,

We are pleased to award this contract on you for supply of materials detailed in the schedule below subject to terms, conditions and instructions of this Purchase Order (PO) read along with General Conditions of Contract mentioned in (i) Acceptance of tender terms & conditions (ii) SAIL P1 (visit our website: <https://sailtenders.co.in> for these documents) and other annexures. This acceptance of tender is issued in two copies. One copy of the same may kindly be signed by your authorized signatory as a token of your acceptance to this purchase/work order and return to us. Kindly arrange supplies/performance of work accordingly and send two sets of non-negotiable documents to the consignee/OA/EO of the contract after dispatching goods/completion of work. Any discrepancy in the PO with respect to your offer may be intimated within 10days from the date of PO otherwise it shall be presumed that the supplier has acknowledged the receipt of this PO and agrees to all the terms & conditions mentioned therein.

Steel Authority of India Limited
Salem Steel Plant, Salem- 13

PROPRIETARY CERTIFICATE

Indent Reference No.: SMSE/27/04

Date: 08.07.2026

S.No.	Material Code	Description of material
1	7 3502 100 21 01	SMS COAX VALVE ACTUATOR AOD V/STAND

Certified that the above item is of proprietary in nature, and is to be procured on proprietary basis as given below and no other make is acceptable.

Name & Address of Supplier:

M/s Omkar Supranational Pvt. Ltd,
Plat No. 2, Sangam Socity, Near Swami Vivekanand Statue,
Pune-Satara Road, Bibwewadi,
Pune-411 037, Maharashtra
Email: info@omkarsupra.com

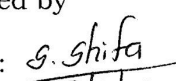

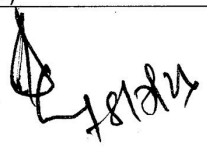

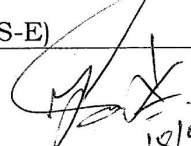

Reason for accepting only the above make and not others

In AOD Converter, 4 numbers of tuyeres are installed for blowing of gases (viz. Oxygen: Ar/N₂ gas) in converter. Tuyeres consists of two concentric pipes in which blowing gas is done through inner copper pipe and cooling gas flows through the outer pipe i.e. shroud. Tuyeres of the converter are cooled by passing N₂/argon gas through shrouds. The flow of inert gas is controlled using M/s COAX make motorized control valve in closed loop control through PLC. The flow measurement is done through flow meters and its feedback is given to PLC which in turn regulates the flow through COAX valve actuators. Precise cooling of tuyeres is very critical for the life of converter. This item is custom made by M/s. COAX Germany only to suit with existing actuator, electrical & mechanical characteristics and dimensional compatibility. Hence, OES can only supply matching spares for the above item.

Deproprietization Efforts:

Since no other manufacturer can supply electrical & mechanical characteristics and dimensional match with the existing actuator, de-propiertization is not possible for the above items.

In view of above, it is hereby proposed to procure the item from M/s Omkar Supranational Pvt Limited, Pune, who is an authorized dealer of OEM M/s. COAX Germany on proprietary basis.

Indent Refno , Date & Dept :SMSE/26/6427-10-25/SMS - ELEC

JUSTIFICATION FOR INDENT NUMBER: SMSE/27/04

Date: 08.07.2026

1. Why the items are required to be procured?

1. In AOD Converter, 4 numbers of tuyeres are installed for blowing of gases (viz. Oxygen: Ar/N₂ gas) as per operational requirement. Construction of these tuyeres are such that two concentric pipes are provided, with blowing gas flowing through inner copper pipe and cooling gas flowing through the outer pipe i.e. shroud. Tuyeres of the converter are cooled by passing N₂/argon gas through shrouds. The flow of inert gas is controlled using M/s COAX make motorized control valves through closed loop feedback from flowmeter through PLC. Quantity justification along with failure & installed quantity is mentioned below in tabular form:

S.No	Items	Month of failure/start of misbehaving	Misbehaving / Failed Qty.	Indented Qty.	Installed Qty.	Quantity Justification
1	SMS COAX VALVE ACTUATOR AOD V/STAND	Febuary'26 Shroud-1(misbehaving)	2 Nos.	3 Nos.	4 Nos.	Previously procured spare - 2 nos have been consumed at site. Taking into account criticality of its application & lead time it hereby proposed to procure 3 nos which will be kept as spare for future use,
		June'26-Shroud 3 (Failed)				

Since these are custom made items, hence it is proposed to procure the same on proprietary basis from M/s Omkar Supranatural Pvt Ltd.

2. Where the Items are to be used?

2. In SMS, AOD Valve stand area.

3. Whether these items are available at Shop Floor as on Date and if so, indicate the quantity available?

3. Nil stock available in both shop floor and Central Store.

P.T.O

4. Whether the Quantity Indented is your barest minimum?

4. Yes.

5. Period by which the Items will be consumed after receipt at Central Stores?

5. Mentioned in S.No.1

6. Give justification, if the numbers of parties recommended are less than five for tendering?

6. Not Applicable.
